The Plan will impose a **\$1,000** penalty if a participant has one of the five surgeries listed below and does not enroll in and complete the Surgery Decision Support (SDS) program, provided by Consumer Medical, prior to having the surgery:

- Bariatric (weight loss) Surgery,
- Hysterectomy,
- Knee Replacement,
- Hip Replacement, OR
- Low Back Surgery

To enroll in and complete the SDS program and avoid the **\$1,000** penalty, the following steps must be satisfied before the surgery is performed:

1. If your physician has recommended one of the elective surgeries above, at least **30** days prior to the scheduled procedure, call Consumer Medical at **1-888-361-3944**, Monday through Friday, **8:30** a.m. to **5:00** p.m. ET and speak with an SDS program specialist who will take the information necessary and appropriate to enroll you in the SDS program; and
2. Review the personalized materials you receive and participate in at least two telephone consultations with the SDS program specialist at least one calendar day prior to the scheduled surgery, and
3. Complete a brief telephone survey with the program specialist prior to having the surgery. Participation with an SDS program specialist may include, by way of example, discussions related to potential alternative non-surgical treatments for the underlying medical condition and review of materials provided by the SDS program specialist to help you understand your treatment options and questions you may want to ask your doctor.

Completion of the SDS program will be valid for surgery performed during the **12**-month period following completion of the SDS program.

NOTE: Completing this program does not meet a prior authorization requirement. Prior authorization must still be obtained with your Claims Administrator if the service requires it.
